JOERNS ASSETCARE® PLUS PROGRAM

BRINGING COMPREHENSIVE CARE TO EQUIPMENT

Our Joerns AssetCare® Plus Program offers a solution designed to maximize equipment uptime, extend asset lifespan, ensure safety, mitigate entrapment risks and reduce costs through proactive care. Key services include thorough equipment inspections, scheduled preventative maintenance, entrapment inspections and discounted repair rates to ensure optimal equipment performance and operational efficiency.

MAXIMIZE UPTIME:

Regular assessments and maintenance ensure your equipment runs smoothly and efficiently, reducing unexpected downtimes.

EXTEND EQUIPMENT LIFESPAN:

Preventative care extends the life of your assets, saving you from costly replacements and repairs.

SAFETY ASSURANCE:

Routine entrapment and bed inspections help identify and mitigate potential hazards, keeping your operations, residents, and personnel safe.

COST SAVINGS:

Proactive maintenance reduces the risk of major failures and costly emergency repairs.

SERVICES OFFERED

Preventative Maintenance & Entrapment Inspection:

- ✓ Scheduled maintenance tailored to your equipment's (Including bed, mattress, or lift)
- ✓ Regular inspection, lubrication, and calibration¹
- ✓ Identification of worn-out parts to prevent future problems
- ✓ Entrapment inspections with a risk analysis detailing any current and future safety concerns

Feature	Benefit	Impact
