

Product Retirement Notice

PRN #060223-001

June 02, 2023

Joerns Healthcare Announces End of Life Plan for select BioClinic® Positioners and Overlays

This notice serves as formal communication of Joerns Healthcare, Inc.'s intent to initiate the Limited Retirement Mode (LRM) notification for the following products and all related configurations and packages. Limited Retirement Mode is a public statement by Joerns that we will no longer manufacture, develop or release updates or enhancements for these products. The following product(s) are affected:

- Select BioClinic Positioners and Overlays

This retirement notice attempts to identify all SKUs affected by the discontinuation of the BioClinic positioner and overlay portfolio. It is possible that some part numbers were missed in the list provided. Joerns reserves the right to include omitted SKUs if they are related to the products listed above, even if the SKU is not specifically listed in the notice. Those omitted SKUs are subject to the terms specified within this document. If you are unsure of a specific SKU, please contact your Joerns representative for clarification.

Products:

Product Retirement Notice

Timeline of Events:

End of Service	Joerns will no longer offer service parts for the product after this date.	July 28, 2023
----------------	--	---------------

Service and Warranty:

Joerns will maintain our commitment to our customers by supporting and servicing discontinued product at all domestic service centers throughout the life of all warranties in place, as long as the required parts are commercially available.

Contact:

Joerns Healthcare is committed to providing you with a superior level of customer service. Please contact your Joerns representative for additional information regarding this communication.

All official End of Life notifications and phase information is posted on the support area of our website at: <http://www.joerns.com>.

Definition of Terms:

Last Time Buy

Last Time Buy (LTB) is advanced notification to Joerns customers and partners that Joerns intends to start the end of life process. The duration of this phase is variable and depends on numerous factors including material availability, Joerns and channel inventory and end user demand. Last Time Buy is informational only; products in this phase are active.

Active Retirement Mode

Active Retirement Mode (ARM) is a statement by the company that it is no longer actively manufacturing or selling the product. Products in ARM are removed from all price lists and marketing collateral.

Limited Retirement Mode

Limited Retirement Mode (LRM) is a statement by the company that it will no longer manufacture or develop enhancements for these products. Depending on inventory, technical capability, and customer demand Joerns will continue to offer support agreements on products in LRM. LRM is a discretionary phase in the product lifecycle process.

End of Support

End of Support (EOS) is a statement that the company no longer offers support for the product, and all remaining unique inventory or materials will be removed.
