Definition of Terms:

Last Time Buy

Last Time Buy (LTB) is advanced notification to Joerns customers and partners that Joerns intends to start the end of life process. The duration of this phase is variable and depends on numerous factors including material availability, Joerns and channel inventory and end user demand. Last Time Buy is informational only; products in this phase are active.

Active Retirement Mode

Active Retirement Mode (ARM) is a statement by the company that it is no longer actively manufacturing or selling the product. Products in ARM are removed from all price lists and marketing collateral.

Limited Retirement Mode

Limited Retirement Mode (LRM) is a statement by the company that it will no longer manufacture or develop enhancements for these products. Depending on inventory, technical capability, and customer demand Joerns will continue to offer support agreements on products in LRM. LRM is a discretionary phase in the product lifecycle process.

End of Support

End of Support (EOS) is a statement that the company no longer offers support for the product, and all remaining unique inventory or materials will be removed.
