Connect Care Where Care Happens

Joerns Connexio® platform featured in Joerns EasyCare® - First of its Kind in Long-Term Care

For more than a century, Joerns has led innovation in bedside care. Today, that legacy continues with the **award-winning¹ EasyCare® + Connexio®** platform, setting a new standard in fall risk mitigation.

RENOWNED FOR PIONEERING ELECTRIC BEDS, SETTING THE STANDARD FOR LOW HEIGHT, DEVELOPING EXPANDABLE PLATFORMS, AND DELIVERING UNPARALLELED STABILITY AND QUALITY.

Up to **70% of LTC**
residents fall each year.

Half will experience
multiple falls.²

Many of these falls happen
at the bedside within the
first 48 hours of arrival at
the facility.³

EasyCare® with Connexio® reinforces
best practices with gentle prompts
attuned to individual patient needs.

EQUIPPED, ENABLED, EMPOWERED

With Connexio®, EasyCare® is your 24/7 care partner.

STAY AHEAD OF THE FALL

Strengthen your CMS
Star Ratings

Attract more
post-acute referrals

Retain staff by reducing
physical strain

Deliver care more
confidently with
fewer resources

EasyCare® + Connexio® = The Foundation to a Connected Facility

EasyCare® beds with Connexio® provide a simple, intuitive, interconnected hub that unlocks and enables your smart building.

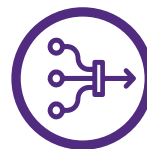

The EasyCare® doesn't just deliver new and compelling operational and clinical improvements, it is the center of an ever-expanding universe of smart devices, all communicating through a single, convenient interface into a unified, easy-to-use dashboard.

Unified dashboard that prevents data overload

Open compatibility - Add sensors and capabilities without hardware buildup

EMR integration for streamlined adherence to care plans

THE MEASURABLE VALUE OF A CONNECTED CARE PLATFORM

Security & Simplicity:

- One integrated platform, no hardware clutter
- Standardized for easy scalability
- HIPAA/HITECH compliant to ensure patient data stays safe

What You Can Gain:

- Mitigation against bedside fall rates & injury claims
- Strengthened CMS quality ratings & audit reporting
- Improved caregiver satisfaction and retention
- Data-driven care planning for optimal efficiency
